

## Products That Fit

Technology that's good for the body

Today's digital lifestyle puts high demands on the body from morning until night. Tremendous strains exits from wrists to fore-arms, shoulders to backs

Goldtouch V2 Comfort Keyboard

and nerves to hands. Continuous typing increases the likelihood of developing carpal tunnel syndrome and other repetitive strain injuries (RSI). To combat this problem Goldtouch designs and manufactures ergonomic products, to help computer users to stay healthy and comfortable.

## Ergonomic Keyboards

Goldtouch Go!2 Mobile Keyboard

By tenting vertically and horizontally to Goldtouch ergonomic keyboards adjust to fit the user, greatly reducing the chances of developing an RSI like carpal tunnel syndrome.

## Ergonomic Mouse

The ergonomic mouse will gently guide your wrist and forearm into a natural comfortable position to decrease strain on your forearms and joints.

Goldtouch Comfort Mouse

## Laptop and Tablet Stands

Goldtouch Go! Travel Stand

Essential for travel of office, the laptop and tablet stands are a simple and portable solution for ensuring that your portable screens are set at an appropriate height. The stand will help preventing hunching, slouching and general poor posture.
